

## MFA Health Track Buyer Communication Sheet

APPROVED MISSOURI DEPARTMENT OF AGRICULTURE QSA PROGRAM

### BUYER INFORMATION SHEET

**MFA Health Track Source and Age Approved Tag— (see example on the left)**

**RED VISUAL TAG WITH AN ELECTRONIC TAG (MATCHED SET)**

RFID/EID (electronic eartag; a button tag) number is written on the outside of the tag. The tag can be read with any ISO compliant universal reader

The cross-referenced RFID/EID tag is printed on the outside of the tag.

Program name “MFA Health Track” is printed on the visual tag.

Visual management number (cross-referenced/matched) to the electronic eartag (the button tag) Visual tag number must be higher than **H08N5**.

Unique 5-digit **alphanumeric** management visual number printed on the outside of the tag.

MFA Health Track contact telephone number printed on the visual tag

**All Health Track QSA compliant cattle must have a Supplier Approval Certificate (Health Track Form: HTF-SAC) accompanying them. This certificate guarantees cattle meet QSA requirements.**

To obtain age and/or source information on an individual animal or a group of calves contact MFA Health Track at 1-888-514-2333, contact David Cope at the MFA Health Track office at 573-876-5373, or send an email to [healthtrack@mfa-inc.com](mailto:healthtrack@mfa-inc.com). Requests will be emailed or faxed back to the enquiring party.

**Cattle purchased prior to October 18<sup>th</sup>, 2005 are not QSA certified.**
